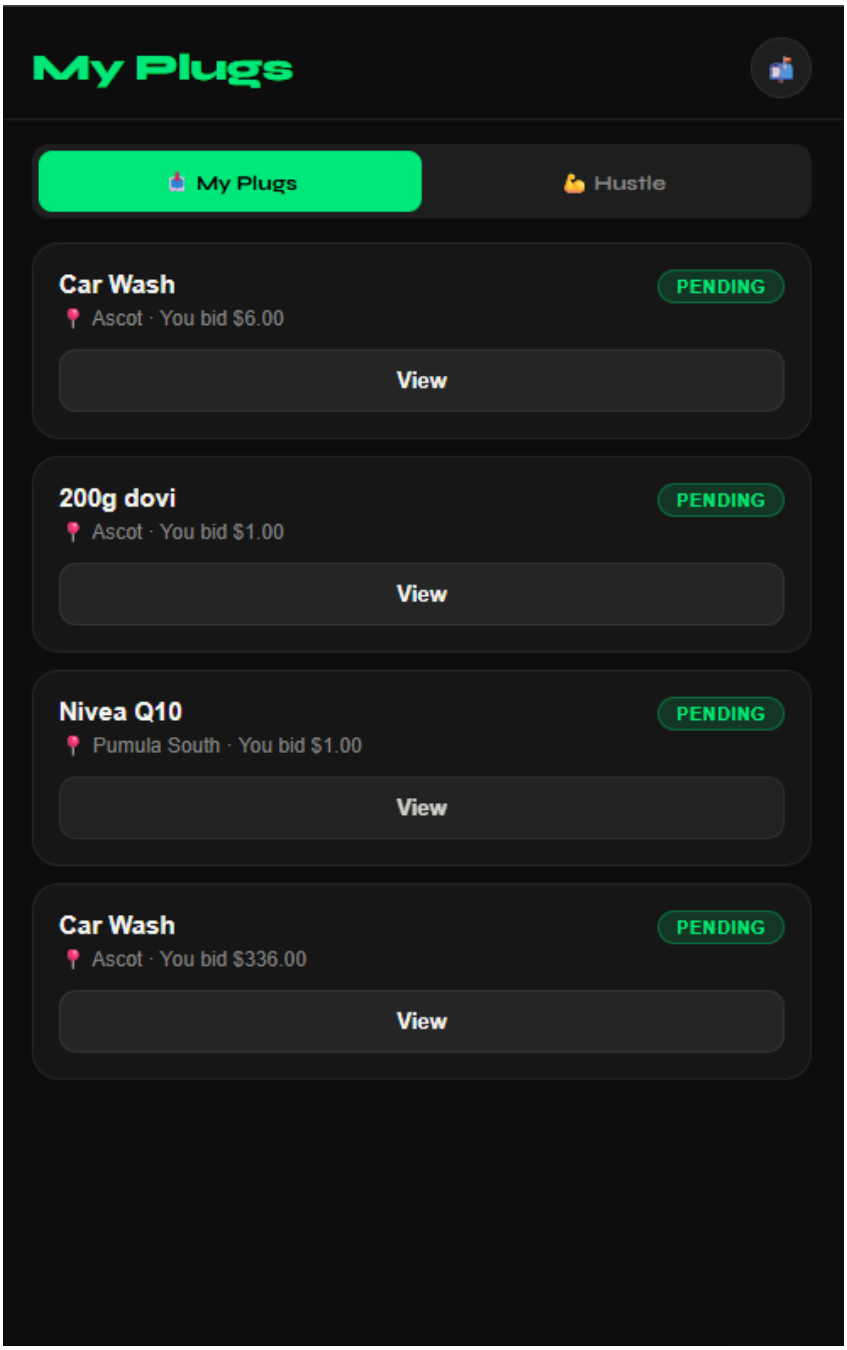
1. *Fig 1 :* I NEED YOU TO REDISIGN THIS SCREEN IT LOOKS UGLY. AND I WAS THINKING I SHOULD ONLY SEE BIDS THAT HAVE BEEN WON WHEN THE BID HAS ENDED. ALSO I THINK THERE SHOULD BE A NUMBER NEXT TO THE BID THAT WAY I CAN SEE WHAT IM WORKING WITH FOR

EXAMPLE BID 1,BID 2 ETC.AND THERE SHOULD BE A DELETE OPTION SO THAT I CAN REMOVE BIDS THAT HAVE BEEN VERIFIED.



2. *Fig2 :* here i want you to redisign this and make it nice i was thinking the image of the product, time remaining, number of bids on it and the bid amount the thing is on should be visible and when a person saves a bid they should show up here.

3. Also there shoud be a way to remove each notification one by one from notifications.

4. 
Fig3 : here the messages look like they are from one person or the same deal cant we create a look that does not confuse the viewer
